

"We were very pleased with our service from Southwest Granite and Glass. Our materials came in earlier than expected even with the holiday rush. Staff were always helpful and made every effort to save us money."

"I just want to thank you and all your staff for the excellent sales service, the suggestion of creating a "breakfast" counter, the installation was perfect and our new counter looks great. The follow up hand written thank you for your business is a reflection of your commitment to quality customer service. We have recommended you to several of our friends. Thanks again"
